8:40AM- 9:00AMCST	<p>Depart Residence for Ardagh</p>
9:00AM- 10:30AMCST	<p>Tour and Meeting with Ardagh <i>Dress:</i> Business Casual Topic: "In 2014, Ardagh purchased Saint-Gobain Containers. Prior to that purchase, in 2010, Saint-Gobain entered into a Global Consent Decree with EPA to decrease emissions from their 29 furnaces. EPA and Saint-Gobain agreed to a long term schedule for emission controls at each of their plants. Saint-Gobain was the only glass container manufacturer to sign such an agreement with EPA. Ardagh has invested \$95M in capital to install emissions controls and equipment under the Global Consent Decree. Since 2010, NOX, SOx and particulate matter emissions have been reduced significantly in the plants. The last major projects under the Global Consent Decree are scheduled for 2018. Sapulpa is one and Lincoln, Illinois is the other. Lincoln is unusual because it has only one furnace compared to the more typical 2 – 3 furnace operations (Sapulpa has 3 furnaces). Installation of the required emissions control equipment in Lincoln would essentially make that plant not commercially viable. Moreover, Mexican and Chinese manufacturers ability to undercut the market, due to the fact they don't pay good wages to their employees, they don't have the environmental and business compliance costs we do, nor do they deal with spiraling healthcare costs, has led to a decline in North American glass container manufacturing. Ardagh has had to shut down one plant in Salem, New Jersey in 2014 and has idled a furnace in 2017 at its Wilson, North Carolina plant. We are looking for ways to keep Lincoln open. Ardagh has ambitious plans to invest in its US manufacturing network—and Sapulpa in particular—to compete successfully against growing foreign competition. Ardagh would like to discuss ways in which it can meet its environmental compliance obligations while retaining the operational flexibility to compete in this market." Location: 1000 N. Background – Texas Public Policy Foundation

The Texas Public Policy Foundation (TPPF) is a conservative 501c3 think tank based in Austin, Texas. The Foundation's mission is to promote and defend liberty, personal responsibility, and free enterprise in Texas and the nation by educating and affecting policymakers and the Texas public policy debate with academically sound research and outreach.

Projects of the TPPF include Right on Crime, which is focused on criminal justice reform and Fueling Freedom, which seeks to "explain the forgotten moral case for fossil fuels." Contributors to the organization include energy companies Chevron and ExxonMobil.

Notable - Newly Senate-confirmed (confirmed alongside Bill Wehrum) Chair of the White House Council on Environmental Quality, Kathleen Harnett-White- is a fellow of TPPF.

Notable Attendees – Texas Public Policy Foundation

Brooke Rollins, President and CEO, Texas Public Policy Foundation

Brooke Rollins served as the deputy general counsel, ethics advisor and policy director under then-Governor Rick Perry. After her tenure with Perry, Brooke assumed the presidency of the Texas Public Policy Foundation.

Background

Hoover Institution’s Mission: The overall mission of the Hoover Institution is, from its records, to recall the voice of experience against the making of war, and by the study of these records and their publication, to recall man’s endeavors to make and preserve peace, and to sustain for America the safeguards of the American way of life. The Institution’s goal is to point the road to peace, to personal freedom and to the safeguards of the American System.

The principles of individual, economic, and political freedom; private enterprise; and representative government were fundamental to the vision of the Institution's founder. By collecting knowledge, generating ideas, and disseminating both, the Institution seeks to secure and safeguard peace, improve the human condition, and limit government intrusion into the lives of individuals.

Notable Attendees

Adam White

Adam White is a research fellow at the Hoover Institution. He also serves as director of the Center for the Study of the Administrative State at George Mason University's Antonin Scalia Law School, where he teaches Administrative Law.

Adam was recently appointed to the Administrative Conference of the United States, a federal advisory board focused on improving federal agencies' practices. He also serves on the leadership council of the American Bar Association's Administrative Law Section; on the executive committee of the Federalist Society's Administrative Law Practice Group; and on the board of directors of LandCAN, a nonprofit organization dedicated to promoting conservation on working lands.

Background – Texas Public Policy Foundation

The Texas Public Policy Foundation (TPPF) is a conservative 501c3 think tank based in Austin, Texas. The Foundation’s mission is to promote and defend liberty, personal responsibility, and free enterprise in Texas and the nation by educating and affecting policymakers and the Texas public policy debate with academically sound research and outreach.

Projects of the TPPF include Right on Crime, which is focused on criminal justice reform and Fueling Freedom, which seeks to "explain the forgotten moral case for fossil fuels." Contributors to the organization include energy companies Chevron and ExxonMobil.

Notable - Newly Senate-confirmed (confirmed alongside Bill Wehrum) Chair of the White House Council on Environmental Quality, Kathleen Harnett-White- is a fellow of TPPF.

Notable Attendees – Texas Public Policy Foundation

Brooke Rollins, President and CEO, Texas Public Policy Foundation

Brooke Rollins served as the deputy general counsel, ethics advisor and policy director under then-Governor Rick Perry. After her tenure with Perry, Brooke assumed the presidency of the Texas Public Policy Foundation.

Background

The Heritage Foundation is the nation's largest, most broadly-supported conservative research and educational institution.

Heritage believes the principles and ideas of the American Founding are worth conserving and renewing. As policy entrepreneurs, they believe the most effective solutions are consistent with those ideas and principles. The staff at Heritage pursues this mission by performing timely, accurate research on key policy issues and effectively marketing these findings to their primary audiences: members of Congress, key congressional staff members, policymakers in the executive branch, the nation's news media, and the academic and policy communities.

Notable Attendees

Becky Norton Dunlop

Becky Norton Dunlop is The Heritage Foundation's Ronald Reagan Distinguished Fellow. Becky previously served as Heritage's vice president for external relations from 1998 until 2016. Before joining Heritage, Becky served as a senior official in the Reagan administration inside the White House, the Justice Department and the Interior Department.

Chuck Soderberg – Executive VP, Iowa Electric Cooperative

Chuck Soderberg of Le Mars has been selected as the new executive vice president for the Iowa Association of Electric Cooperatives (IAEC); he started Sept. 8. Current IAEC executive vice president Brian Kading retired earlier this month, after a 33-year career at the organization.

Soderberg has been employed by Northwest Iowa Power Cooperative (NIPCO) for the past 36 years, where he served as the vice president of Planning and Legislative Services since 2002. He comes to IAEC with a vast array of skills and experience in leadership, management, member service, program development and communications.

Many know Soderberg from his time in the Iowa House, where he represented the 5th District since 2005. He sat on several committees, including the Commerce and Environmental Protection Committees, and he served as the chair of the Appropriations Committee. Prior to being elected to the House, Soderberg served on the Le Mars City Council from 1998-2004. He also served on several boards, including the Siouxland Interstate Metropolitan Planning Council, Le Mars Business Initiative Corporation and the Le Mars Chamber of Commerce.
